

Spring 2023 Newsletter

Welcome to the first newsletter of the new year from Comrie Holiday Park! We hope everyone has “wintered well” and like us, you are looking forward to spending more time at your holiday home as the weather improves.

We recommend that you visit first to check over your holiday home before you come to stay. We have had, and may still have, very cold nights that have led to shower and pipe bursts. It only takes the smallest amount of water to cause havoc! Details of local LPG approved plumbers can be found on our website or emailing ewan@comrieholidaypark.co.uk

Ross and Fraser have been busy preparing the park for the year ahead. A number of improvement projects including installation of new perimeter fencing, work on the roads, painting projects and siting of new holiday homes are a small taster of the work being undertaken.

Thank you to those asking about the Glasgow Caravan Show and special thanks to those who came to visit our stand and say hello!

We have had a number of visits and interest in our park as a result of the show. Laurel 11 was also sold to one of the attendees at the show!

We based our stand beside the Willerby exhibition as we have a number of Willerby vans coming this year. The first of six, The Manor, has already been purchased and work on the decking is well underway to get it ready for warmer weather ahead!

WOW!

We have a wonderful deal on this stunning Victory Lochwood 29x12

- Site Fees paid for 2023
- Services Paid for 2023/24

MANAGER'S SPECIAL

Welcome to the newest members of our community:

- Laurel 11 Mr Brown
- Rowan 1 Mr and Mrs Baird
- Rowan 3 Mr and Mrs Campbell
- Rowan 13 Mr McKean
- Willow 10 Mr and Mrs Harding

Comrie Flood Defences: You may have noticed that work is yet to start on the temporary bridge over the River Lednock to connect to the boulevard area of the village. We are now looking at May for this work to commence. Once completed the bridge will facilitate the village's flood defences. We are still looking at 18 months from then for the work to begin on our defences. Remember you can keep up to date with the project at www.pkc.gov.uk/comriefloodscheme
