

Summer 2025 Newsletter

Huge thanks to Dougie and Avril on Rowan 6 for sharing this fantastic drone shot of our park

Comrie
HOLIDAY PARK

Dear owners on the park, welcome to the Summer Newsletter, one of our seasonal updates from all of us here at Comrie Holiday Park. We hope that you are enjoying the beautiful weather of late, whether you are here or at home. Ross and Fraser have the park looking great for the season ahead and huge thanks to those of you who have begun to paint decks, clean exteriors of holiday homes etc to allow everyone on the park to enjoy their surroundings.

This is an important responsibility for all of us, please take action. If you are unable to do these tasks, we have the following trades working on the park. Please contact them directly for quotes. Details are:

Caber Designs Joinery	For repairs to decking, skirting and gates constructed of wood or PVC	Call Barry Woods on 07802 640062
Stirling Painters & Property Maintenance	For painting of wooden decking, skirting etc and exterior cleans of holiday homes, roofs and gutters	Call Jamie Gray on 07918 370170
Gibson Groundworks	To carry out any authorised work by Ross e.g. slab laying, ground repair, adding chips etc	Call Ryan on 07500 277048 or Alan on 07917 180450

Welcome!

It is our pleasure to welcome the following new families to our community:

Birch 3 - Mr J Howieson and Ms J McLean

Laurel 12 - Mr D and Mrs L Mitchell-Sheen

Rowan 2 - Mrs G Jack and Mrs H Mitchell

Willow 29 - Mr and Mrs S. Fisher

Goodbye...

We say goodbye and best wishes to:

Birch 3 - Mr and Mrs A Carswell

Willow 29 - Mr and Mrs S Campbell

Wifi next steps

You may be aware of the work that has been undertaken already to improve our wifi on the park, including installation of a new generation receiver for StarLink and additional points on the park. Sadly, nothing has been satisfactory for us but we continue to work with Cabin Comms. We apologise for this ongoing issue.

We are now looking towards a 5G solution to work alongside our StarLink and engineers will be present on the park again to conduct testing.

The wifi is provided free of charge as part of our park infrastructure. For those needing a more reliable feed just now, I would suggest purchasing your own mobile wifi for now. Vodafone is the best in terms of signal and speed.

New Office

Our new office will soon have skirting and decking, with a ramp and stairs for access. We opted for PVC decking and skirting, with steel construction to allow for heavy duty use. This should be complete within the next few weeks.

The new decking will run the length of the office and will be 8 feet wide. It will be anthracite and grey to match the new building, with smoky grey glass to finish it off.

There will be space for tables and chairs, rattan sofas etc and we encourage you to come and use the space to catch up with other park users or to watch the world going past.

Going forward, we will be able to host get togethers in our new building to help people meet the new members of our community.

Comrie Flood Defences

Work is well underway on the Comrie Flood Defences, with the landscape of Comrie changing before our eyes. Whilst we tolerate the necessary disruption, we remember the huge difference this will make to villagers badly affected by flooding in the past, as well as the finished product to enjoy on our doorstep.

Work on the field is focusing on the construction of the bund, with foundations laid to support this structure. Work in front of Willow has created an access road and bridge across the Lednock to facilitate machinery and materials access to the boulevard.

We encourage owners on the park to seek compensation available from Perth & Kinross Council. Information on this can be found on our website www.comrieholidaypark.co.uk in the Community Section.

New bridge over River Lednock

Bund work underway on our fields

You asked us to mention...

- ◆ We had feedback from owners recently involving a car driving around the park, more than once, well after midnight. Please leave your vehicle at the office if you need to use it between 10:00pm and 8:00am
- ◆ We also had feedback of a noisy bin drop around 2:00am last Saturday, please consider others and wait until morning
- ◆ Please be mindful of the privacy of others by not short cutting between holiday homes or walking on grass directly beside deckings

Thank you to all owners on the park for your ongoing support and consideration, it is very much appreciated by staff and owners!
